

Cohaga AG is an innovative, fast-growing SME in the region of St. Gallen specializing in address sourcing & care and direct marketing services. Within the last years, cohaga AG grew from a handful of employees to a team of up to 20 employees. The company invested heavily in the creation of an excellent tech team ready to further enable rapid growth through digitalized processes and intelligent services.

At cohaga, we embrace an open and transparent culture where direct communication is key. Our team is driven by a common spirit of motivation & commitment to excellence – we work with agility, collaboratively tackle challenges, and consistently deliver exceptional solutions.

Lead Backend/Fullstack Developer (100%)

Take your next career step with a leading position in our tech team!

Who are you?

- Extensive experience in software development in a professional context
- Experienced with a wide range of frontend and backend technologies including some of the following: Laravel, React.js, MySQL and NoSQL, Python
- Experienced with cloud solutions and cloud native applications (particularly Azure).
- Ability to work independently, show self initiative and generate innovative solutions.
- Strong drive to improve code quality, development processes, apply best practices and design patterns.
- Excellent communication and teamwork skills.
- Familiarity with agile software development methods.
- German skills (at least level B2)

What might you do?

As part of our young, dynamic and motivated team you will play a key role in advancing our database systems and customer portal. Besides being responsible for the implementation of major features, you will shape application design, and make technology choices that ensure the long-term success of our software solutions. This role provides a clear path for potential advancement into a leadership position within the company and offers great freedom to shape your development environment.

What we offer

- Competitive salary package
- A tech gadget of your choice.
- Career development opportunities and training.
- Remote work options.
- Pleasant and collaborative working environment.
- Opportunities for career advancement within the company.
- A nice and spacious office
